Dear Sir(s),

Sub.: Credit Rating action by Brickwork Rating - Completely Unjustified and inappropriate

We hereby inform that the Brickwork Ratings (Brickwork) has revised rating to C (credit watch with negative implications) for Company's long-term debt programme, market linked debentures and subordinated debt and to A4 for Company's short-term debt programme. Brickwork has stated this action is primarily due to delay in servicing of repayment obligations and modest liquidity in relation to the size of borrowings.

Rating action primarily reflects timing mismatch between monetization of assets and servicing of debts.

RCFL has been affected by a timing mismatch in regard to the ongoing further securitisation / monetisation proposals with banks, etc., and the same has resulted in minor delay on principal repayments aggregating to only Rs. 477 crore to 5-6 Banks, and limited only to its bank borrowings. RCFL expects to regularise all such repayments very shortly.

Media Release submitted by the Company on April 27, 2019 in this regard is also enclosed.

Kindly inform your members accordingly.

Thanking you.

Yours faithfully,

For **Reliance Commercial Finance Limited**

MEDIA RELEASE

Mumbai, April 27, 2019:

Responding to queries, a spokesperson for Reliance Commercial Finance Ltd. said:

BACKGROUND:

For the past 7 months, ever since the IL&FS episode, all categories of lenders in India, including Banks, Mutual Funds, etc., have put an almost complete freeze on additional lending to Home Finance companies (HFCs) and Non-Banking Finance companies (NBFCs), and have instead only been insisting upon reduction of existing borrowings.

Over this entire period, lenders have been willing to only securitise existing asset pools of HFCs and NBFCs to provide resources for meeting debt servicing obligations.

These unprecedented actions lasting for more than 6 months have severely impacted the financial flexibility of almost all HFCs and NBFCs in the country, including RCFL.

RCFL STATUS:

RCFL has already completed securitisation of over Rs. 2,200 crore from 1st October 2018 till date, and is engaged in active discussions for further securitisation / monetisation of its asset base.

RCFL is completely **current and regular in servicing interest on its entire debt** as on date.

RCFL is also completely **current and regular on principal repayments on all its capital market borrowings aggregating Rs. 3,071 crore.**

RCFL has been affected by **a timing mismatch in regard to the ongoing further securitisation / monetisation proposals** with banks, etc., and the same has resulted in **minor delay on principal repayments aggregating to only Rs. 477 crore to 5-6 Banks, and limited only to its bank borrowings.** RCFL expects to regularise all such repayments very shortly.

FUTURE STRATEGY

Given the current challenging and non-supportive environment for the sector, RCFL has decided upon the following strategy for the future:

- RCFL has a nationwide active network of 39 branches and 758 people, with robust systems and processes for acquisition and distribution, underwriting, risk, etc.

- the **Wholesale loan book will be fully unwound by 31.3.2020**, and corresponding borrowings repaid entirely.

- RCFL has commenced **discussions with several potential strategic / PE partners for equity infusion into the business, accompanied with acquisition of complete management control.**

RCFL's parent company, Reliance Capital Ltd., will continue as a minority financial investor as it sees future long term upside in the sector, upon restoration of normalcy and a more supportive and conducive environment.
